Cala Ratjada

Objekt-Nr. 118161

Objektbeschrijving:

Situated only a few minutes' walk from the beautiful harbour of Cala Ratjada and its beautiful beaches, this city-hotel, was completely renovated in 2019.

Distributed over 4 levels are currently 23 simply-furnished rooms of various sizes, from single rooms to double rooms, junior suites for max. 3 guests to group rooms for 4 and 8 guests, with a maximum capacity of 64 guests possible.

On the ground floor space is available for a small spa area with sauna and whirlpool, where the necessary pre-installations have already been carried out and the material for the equipment already exists. When completed this spa area would be ideal to attract guests outside the high season.

A further highlight is the expansion potential of the approx.150 sqm roof terrace, from where wonderful views of the sea can be enjoyed. There is also ample space here for a pool and a jacuzzi, which would once again significantly increase the attractiveness of this hotel.

Currently breakfast is served on a small terrace, and it would be possible to manage the hotel with a staff of only 2 people.

Hot water is produced using solar energy, and it would be possible to install this technology throughout the hotel by installing additional solar panels. All rooms are equipped with hot/cold air conditioning and TV.

As the hotel is in full business operation, prospective buyers are requested to sign a confidentiality agreement before receiving further details.
