Objektbeschreibung:

This finca was lovingly renovated by the current owners with great attention to detail.

The house has a living area of about 100 sqm, which is divided into 2 bedrooms, one bathroom, a study, the dining area with open kitchen and the large living room. Directly at the house there is an externally accessible pantry and a small technical room for the gas supply.

The most beautiful outdoor seating areas include the roof terrace with views of the village, the covered terrace directly at the house and the open barbecue area.

High summer is spent under the pool's covered lounge terrace with great views of Bonany Mountain.

The power is supplied autonomously by solar panels, which are located in a small technical house, where there is also a diesel generator.

The finca has a covered parking space for up to 4 cars.

Besides a low-maintenance ornamental garden, there is also an agricultural hobby garden for self-sufficiency.
