Objektbeschreibung:

This impressive property for first occupancy is located in the quiet finca area of Santanyi. The spacious plot is accessible through an electric gate and borders a cul-de-sac. It is completely surrounded by natural stone walls and fences.

A wide gravel driveway provides a view of the cream-colored, plastered ground-floor building with its floor-to-ceiling wooden windows and doors.

Passing a historic natural stone cottage, which is suitable for storing bicycles etc., you reach the modern entrance area of the house, which will be handed over ready for occupancy. The bright hallway connects two charming, high-quality residential wings.

The micro-cement main living area, fully equipped with underfloor heating and air conditioning, consists of a Mallorcan-style open kitchen with a large cooking island. Adjacent to this is the bright dining/living area with fireplace and panoramic sliding door. From here you have a wonderful view of the partly covered terrace paved with natural stone (Santanyi stone) with a saltwater pool.

A highlight is the master bedroom with free-standing bathtub and bathroom en suite. A guest WC and a utility room leave nothing to be desired.

A further residential wing with the same features has 2 spacious bedrooms, each with an en suite bathroom. From here, a staircase leads to the basement room, which offers many options. For example as a sports room or sauna.

A small inner courtyard (patio) between the two residential wings invites you to linger.
