### Objektbeschrijving:

Moli d'en Gras, one of the village mills which was in operation until the start of the 20th century is enchanting and offers lots of character.

This approx. 200 sqm mill stands on land of 354 sqm and has 2 terraces, one on the ground floor and the other on the first floor. Inside the building are 3 halls with vaulted ceilings and the central tower, to which the mill sails were attached, which has been preserved.

Over the last few years works of art and differing objects were exhibited. Now it is no longer used so that a small renovation is necessary in order to restore it to its former glory.
