Objektbeschreibung:

This house is situated in a regal location on the first sea line with views of Cabrera.

Its ground level, with 258.50 sqm living space and a small adjoining garden/inner patio, has a commercial licence with a large garage, and a separate apartment for staff which could be used commercially if required.

The first and second floors each have 299 sqm of living space. Both are almost identical, each with a kitchen with balcony, and to the sea side a very large salon with a panorama frontage and a total of 9 bedrooms and 7 bathrooms.

On the third floor is a tower of 20 sqm which has access to a roof terrace where a solar system for warm water is located.

Originally the house was openly designed, only later were the levels separated by dry-stone walls. If preferred this could be reversed and a huge family domicile recreated, or offered as a rental object if required.

This property surely offers a project which will not be found a second time!
