Objektbeschrijving:

This luxurious, newly-built villa stands on a plot of approx. 1.324 sqm on the first sea line in Cala Murada, and has its own direct access to the turquoise-blue, fine-sandy bay. The villa is characterised by a modern design, its special architecture, and absolute exclusivity. During construction only high-quality materials were used in order to achieve the highest level of comfort.

On the entrance level of the finca is the spacious living/dining area with direct access to a large terrace. From here a staircase leads to the approx. 80 sqm roof terrace, a real dream with spectacular views over the turquoise-blue sea.

Adjoining the living area is an openly-designed kitchen with cooking island, fitted with high-quality Bosch and Gutmann appliances. White marble floors and modern glass elements bestow an elegant, airy feeling of space. Also on this level is a bedroom with en-suite bathroom and a guest WC.

Stairs in the living area lead to the ground floor with 4 further bedrooms each with bathroom en suite. All bedrooms have fitted wardrobes.

Luxurious, black marble floors on this level combine seamlessly with the pool terrace, where a large glass pool with adjoining jacuzzi invites to relax and enjoy Mallorca's sunny weather to the full. The Japanese-style garden is low-maintenance, and from here a small private path leads to the beach.

The most modern technology, triple-glazed windows and the highest-quality construction underline the very luxurious living ambience, with centralised air conditioning and underfloor heating assuring a pleasant living climate all year round.
