Objektbeschrijving:

This beautiful villa is located in a quiet street of Establiments surrounded by nature and privacy and at the same time, close to the services one may need.

It has recently been exquisitely renovated combining minimalism with natural materials such as the elegant wood of the doors, the Majorcan stone in all the floors of the house, ecological paints, etc, all this giving the house serenity, comfort and lots of light.

In short, the reform is characterized by a sustainable construction to minimize the environmental impact, with the highest qualities.

The 175 m² built are distributed in a main house of about 100 m² with a large living - dining room and open kitchen with very high ceilings and large shutters. In the main house there are 3 double bedrooms, 2 bathrooms and a loft to relax. It also has a beautiful and private back terrace of 15 m² and a cozy porch of 22 m². In an annex building there is a 4th bedroom with bathroom ideal for guests measuring about 45 m². The whole house has underfloor heating and aerotermia installed with hot and cold air, thermal insulation, double glazing, solar panels and beautiful natural stone sinks among others.

The highlight of the house is its magnificent garden which is accessed through a large porch and has been made with a first class landscaping, choosing with care and care each of its plants and flowers of the garden and placing them in the right place providing an incredible scenery.

Finally, the pool of the house of about 20 m², gives the refreshing touch to the beautiful garden.
